

REACH - REGULATION

Dear Sir or Madam,

thank you very much for your interest in the quality and substances of our products.

Herewith we confirm that KARL PEDROSS AG is a downstream user in terms of the REACH directive (EU) 1907/2006.

The products we produce, package included, and sell do not contain any substances liable for admission according to article 57 (SVHC) of the REACH directive (EU) 1907/2006 in concentrations more than 0,1 mass%. As a result it is not necessary for you to put attention to a particular safety while using the product because of the substances. This does of course not affect the general directions for use from the manufacturer.

The chemicals which are involved in the production process are used according to safety data sheet and correspond as a result to the guidelines of the REACH directive.

The company KARL PEDROSS AG confirms, that it fulfils the obligations of the REACH directive for downstream user and looks after the duty to communicate with suppliers and customers.

Kind regards

Sebastian Kurz

CTO
